

Behind America's Emerging Battle Over Food Rights

In Behind America's Emerging Battle Over Food Rights, author Mark Bittman explores the complex and controversial issues surrounding food rights. He argues that access to healthy, affordable food is a fundamental human right, and that our current food system is failing to meet this need. Bittman proposes a number of reforms to our food system, including increasing support for small farmers, reducing the power of large agribusiness corporations, and promoting healthier eating habits.

Bittman's book is a timely and important contribution to the debate over food rights. He provides a comprehensive overview of the issue and offers a unique perspective on the challenges and opportunities facing our society. Behind America's Emerging Battle Over Food Rights is a must-read for anyone concerned about the future of our food system.
