

# Statistics for the MCCEE and USMLE: The Ultimate Guide

Are you preparing for the MCCEE or USMLE? If so, then you know that statistics is a key component of both exams. In fact, on the MCCEE, 25% of the questions are related to statistics. And on the USMLE Step 1, 15% of the questions are related to statistics.

That's why it's so important to have a strong foundation in statistics before you take either of these exams. And that's where **Statistics for the MCCEE and USMLE** comes in.
