

The Star Trek Universe At The Very Beginning: A Comprehensive Guide to the Early Days of Trek

The Star Trek Universe At The Very Beginning is the definitive guide to the early days of the Star Trek franchise, covering everything from the original series to The Next Generation. With exclusive interviews, behind-the-scenes stories, and rare photos, this book is a must-have for any Star Trek fan.

The book begins with a look at the creation of Star Trek by Gene Roddenberry. Roddenberry was a visionary who saw Star Trek as a way to explore the human condition and promote tolerance and understanding. The book includes interviews with Roddenberry and other key figures in the early days of Star Trek, such as William Shatner, Leonard Nimoy, and DeForest Kelley.
