The book *How To Watch Television* is a comprehensive guide to critical viewing. It provides readers with the tools they need to analyze television programs and understand their underlying messages.

What's Inside How To Watch Television

The book is divided into three parts:

- **Part I: The Basics of Television**

- This section introduces the basic concepts of television, including how it works, how it is produced, and how it is distributed.
- It also discusses the different types of television programs and the ways they are used to entertain, inform, and persuade viewers.

- **Part II: Analyzing Television Programs**

- This section provides readers with a step-by-step guide to analyzing television programs.
- It covers everything from identifying the program's genre and purpose to understanding its narrative structure and visual style.

- **Part III: Putting It All Together**

- This section shows readers how to apply the principles of critical viewing to real-world examples.
- It includes case studies of popular television programs, as well as tips for teaching critical viewing skills to others.

Who Should Read How To Watch Television

How To Watch Television is a valuable resource for anyone who wants to be able to watch television critically.

This includes:

- Students

- Teachers
- Parents
- Media professionals
- Anyone who is interested in understanding the role of television in our society

Praise for How To Watch Television

"How To Watch Television is a must-read for anyone who wants to understand the power of television." - **Dr. James Lull, Distinguished Professor of Communication, University of California, San Diego**

"How To Watch Television is a comprehensive and accessible guide to critical viewing. It is an essential resource for anyone who wants to be able to navigate the complexities of today's media landscape." - **Dr. Matthew P. McAllister, Associate Professor of Communication, University of Kansas**
